

Assembled in the United States

TAA (Trade Agreements Act) Compliant

- Over 30 years of experience
- Manufacturing lines in the United States
- Headquarters based in Orange County, CA
- Committed to maintaining TAA compliance

Centon Electronics, Inc. is a TAA (Trade Agreements Act) compliant memory manufacturer which makes it easy for our partners to do business with government agencies and educational institutions. We offer the latest memory technologies that would be perfect for your GSA contract. From the latest high speed DDR3 DIMMs and SODIMMs to legacy memory technologies, Centon offers guaranteed TAA compliant products to meet the needs of your GSA contract. As the requirements for TAA compliant goods increase, Centon will remain committed to meeting these standards.

About Centon Electronics, Inc.

Established in 1978 by Gene Miscione, Centon Electronics, Inc., is a privately owned corporation based in Aliso Viejo, California. Over the years, Centon has become a leader in high-end memory and storage product design, development, and manufacturing worldwide. Our products are offered to several markets including OEM, Retail, Channel/VAR, and Corporate customers.
