DataStick USB 3.2 Sport

The Centon DataStick Sport is made for an active day. Its flexible silicone housing resists water and shock, so a drop, a spill or a wet bag is not the end of your files, and the molded loop clips to a keychain, backpack or bag. At the office, in class or on the road, it keeps your data with you. Plug and play on PC and Mac, backed by Centon's manufacturer warranty.
