

M.2 2280 · SATA III · 128GB

Professional M.2 2280

Solid State Drive

The Centon Professional M.2 SATA SSD is built to a controlled specification for system integrators, builders, and volume buyers. Centon sources qualified components from multiple suppliers and builds each drive to one specification, delivering dependable, lifecycle-stable storage for laptops and mini PCs with an M.2 SATA slot at a commercial-grade price. Its solid-state design means faster boot times and quicker file access than a traditional hard drive.

AVAILABLE CAPACITIES

128GB

FASTER THAN HDD

CONTROLLED SPECIFICATION

2-YEAR WARRANTY

FEATURES

01 FASTER THAN HDD

Solid-state performance for faster boot times and file access than a traditional hard drive.

02 CONTROLLED SPECIFICATION

Built to a single Centon specification, using qualified components from multiple suppliers.

03 LIFECYCLE STABLE

Dependable supply for system integrators and builders, at a commercial-grade price.

ABOUT THE PROFESSIONAL SERIES

The Centon Professional Series is built around a controlled specification rather than a fixed bill of materials. This lets us source top-quality components from multiple suppliers to meet your spec at the best possible price, without compromising quality. For system integrators and builders, it delivers dependable, lifecycle-stable products that balance performance, availability, and cost. JEDEC standard designs, reliable for everyday commercial workloads without paying for industrial/automotive grade you don't need.
