M.2 2280 · SATA III · 128GB

Professional M.2 2280

The Centon Professional M.2 SATA SSD is built to a controlled specification for system integrators, builders, and volume buyers. Centon sources qualified components from multiple suppliers and builds each drive to one specification, delivering dependable, lifecycle-stable storage for laptops and mini PCs with an M.2 SATA slot at a commercial-grade price. Its solid-state design means faster boot times and quicker file access than a traditional hard drive.

FEATURES

01 FASTER THAN HDD

Solid-state performance for faster boot times and file access than a traditional hard drive.

02 CONTROLLED SPECIFICATION

Built to a single Centon specification, using qualified components from multiple suppliers.

03 LIFECYCLE STABLE

Dependable supply for system integrators and builders, at a commercial-grade price.

ABOUT THE PROFESSIONAL SERIES

The Centon Professional Series is built to a controlled specification for system integrators, builders and volume buyers. We qualify components from more than one supplier and build every unit to that specification, so volume orders stay consistent and well priced, with dependable lifecycle-stable supply and TAA-compliant options. Made for everyday commercial work, without paying for industrial or automotive grades you do not need.
