

USB 2.0 · TYPE-A · 8GB-32GB

Professional USB 2.0 Pro

USB Flash Drive

The Centon Professional Pro is built to a controlled specification for system integrators, builders, and volume buyers. Centon sources qualified components from multiple suppliers and builds each drive to one specification, delivering dependable, lifecycle-stable storage at a commercial-grade price. Its rugged aluminum housing and metal cap — which snaps securely onto the back of the drive — protect the USB connector when not in use, while the built-in keychain loop keeps it within reach. Plug-and-play on both PC and Mac, and backed by Centon's manufacturer warranty.

FEATURES

01 DURABLE DESIGN

Rugged aluminum housing with a metal cap that snaps securely onto the back of the drive, protecting the USB connector when not in use and keeping the cap from ever getting lost.

02 CONTROLLED SPECIFICATION

Built to a single Centon specification, using qualified components from multiple suppliers.

03 LIFECYCLE STABLE

Dependable supply for system integrators and builders, at a commercial-grade price.

ABOUT THE PROFESSIONAL SERIES

The Centon Professional Series is built around a controlled specification rather than a fixed bill of materials. This lets us source top-quality components from multiple suppliers to meet your spec at the best possible price, without compromising quality. For system integrators and builders, it delivers dependable, lifecycle-stable products that balance performance, availability, and cost. JEDEC standard designs, reliable for everyday commercial workloads without paying for industrial/automotive grade you don't need.
